

### ResearchMatch webinar with Dysautonomia International

This is a promotional graphic for a webinar. On the left is a portrait of Lauren Stiles, JD, a woman with long blonde hair and glasses, smiling. Below her portrait is a teal box with her name 'Lauren Stiles, JD' in white text. To the right of the portrait, the text 'RESEARCHMATCH WEBINAR' is written in large, bold, teal letters. Below that, the webinar title 'LONG COVID AND POTS: WHAT YOU NEED TO KNOW' is written in teal. At the bottom right, there are three logos for Dysautonomia International: 'Awareness' (hands raised), 'Advocacy' (a building), and 'Advancement' (a microscope).

ResearchMatch recently held a webinar with Dysautonomia International President Lauren Stiles to learn more about how postural orthostatic tachycardia syndrome (POTS) is diagnosed and treated, its relationship to Long COVID, and recent updates in POTS research.

Dysautonomia International is the leading non-profit that advocates for people with POTS and other autonomic nervous system disorders, which impact over

70 million people around the world. The organization funds medical research, clinician education, public awareness, and patient empowerment programs.

## Updating your volunteer profile

ResearchMatch strives to connect you with research studies that matter to you! To help make these connections, start the new year off by updating your Volunteer profile with any new health conditions or medications.

Update the information in your Volunteer Dashboard by following the steps below:

- **Step 1:** Log into ResearchMatch and navigate to ***“Update your profile! Ask a question!”***
- **Step 2:** Click ***“Update your health information”*** to open your Demographic Data page. Use the menu on the left and click on ***“Conditions”*** or ***“Medications.”***
- **Step 3:** Begin typing into the search bar and ResearchMatch will automatically list all the options available in our system. Select the one that matches your condition or medication and click the ***“Add”*** button.

- **Step 4:** Click the “**Next**” button at the bottom of the page to save your changes.
